GETTING READY FOR POINT RATIONING

—Photos by John Craig

A new way of life, alien to freedom-loving Americans, but made necessary by the demands of an all-out offensive against the Axis powers, has begun in Daly City, as in communities the nation over.

Getting food is no longer just a matter of budgeting the family income—now residents must budget their points—and no matter how carefully they budget they can purchase only about half their former amounts of processed foods.

Daly City took smoothly to its new way of life, however, and patiently waited in line for Book 2, just as they patiently set about getting used to the new point system, this week. News photos above show scenes at Daly City's registration, last week, in which 12,379 books were issued, at Jefferson, 3,268; at Woodrow, 5,342; at Crocker, 3,769. One hundred hard-working registrars, including 42 grammar school teachers and sixty volunteers from P. T. A. and other groups, made possible the efficient handling of the vast amount of detail work, according to R. L. Crane jr., district superintendent of schools, in charge of the signup here.

By the way, if you didn't get down to the schools, last week, you will have to make your application for Book 2 directly to the local War Price and Rationing board, located at 473 Grande avenue, South San Francisco, AFTER March 15.

Bodien Warns Against Lethargy In Civilian Defense

Enemy Air Raids Are "Constant Possibility"

To keep in constant readiness for a possible enemy air raid was the warning directed to civilian defense volunteers and residents of Daly City, today, by Arthur J. Bodien, head of the Civilian Defense Council.

Pointing out that it is definitely the intention of Japanese militarists to attack our Pacific coast, Bodien emphasized the necessity for "constant" civilian defense protection and warned against apathy toward it. Because we have not been attacked so far is not a reason for assuming that civilian defense is unnecessary, according to Bodien.

"Civilian defense means more than attending meetings and participating in air raid drills," Bodien said. "We need these drills, and can benefit by them, but we must not forget our obligations to protection of life and property in our community in the meantime. Civilian defense does not end when our meetings and drills are over each week."

Of residents of Daly City, Bodien asked 100 per cent cooperation with civilian defense. He urged everyone to keep their homes prepared with necessary fire prevention and first aid equipment. Every home should have a hose, sand, and a shovel handy at all times, Bodien said.

Meanwhile, Harry Melicker, chief air raid warden, speaking before an assembly of local air

Food Proprietors Sign Up This Week

Daly City proprietors of restaurants, bakeries, creameries and other food businesses were among 175 retailers and wholesalers registering, this week, for point rationing of foods at the local War Price and Rationing Board, South San Francisco.

Registration and classification of these merchants will continue at the South San Francisco rationing headquarters, 473 Grande avenue, to and including Wednesday, March 10. Hours when the retailers and wholesalers may register are from 9 a. m. to 5 p. m. daily, except Sunday. The signup is held under the direction of the board's joint chairmen of the Food Panel,

Right Back Again In Council's Lap!

Final abatement proceedings against properties located at 6951-6995 Mission street and 5 and 7 Bismark street, described as a "public nuisance" and "violating the health and safety codes," are expected to get under way, Monday night, when the city council meets.

A report of final inspection will be read before the city council, next week, and the council is expected to post notice of the proceedings on the property and set a date for the hearing. The final inspection of the property was made, Tuesday, by the San Mateo County Health committee and supervised by Fred A. Collins, city and county health officer, and Arthur J. Bodien, city building inspector.

KILLED IN ACTION

D. C. Flier Meets Death In Combat

Lieutenant Robert N. McCune, Daly City flier in the Army Air Corps, was killed in action over Western Europe, according to a War department telegram received here, Thursday, by his parents, Mr. and Mrs. Earl McCune, 82 Peoria street.

The tragic news of their son's death came as a shock to his parents, although they had learned a week earlier that he was missing. That he was killed in action over German territory while on an Allied bombing mission was confirmed by Thursday's telegram from Washington. McCune had been piloting a giant B-17 Flying Fortress over Germany and Occupied France in the huge air offensive by American bombers.

Young McCune received his wings less than a year ago when his class graduated, July 3, from the advanced flying school at Ellington field, Texas. Previous to that he was schooled in basic training at Enid, Oklahoma.

He was well known in Daly City and popular with the young people in this community, who watched his progress in the air corps with a great deal of interest. Before his appointment to the air corps, McCune was graduated from San Mateo junior college.

Conchita Morales Wins Essay Contest

Mrs. Walter J. Lehigh, local essay chairman for Old Glory Auxiliary No. 2044, V. F. W., this week announced the winners in the 1943 Daly City elimination contest. She presented the awards to first, second and third place winners at a Jefferson Union high school assembly program, yesterday at 1 p. m.

Conchita Morales' essay won first place in the contest, which closed at midnight, February 22. Judges for the annual competitive event were Civilian Defense Director Arthur J. Bodien, Howard McHugh, commander of Old Glory Post; and Walter J. Lehigh, patriotic chairman for the post. They praised the high qual-

Lions Plan Dinner Dance To Honor Women Guests

Lions and their ladies will frolick at a dinner-dance, Saturday night, at the Colma Italian cafe, 7339 Mission street, at a Ladies Night affair sponsored by the Daly City-Colma Lions club.

Ladies Night is held several times throughout the year when the Lions club members honor their ladies with a dinner-dance. Plenty to eat and dancing will be part of the evening's entertainment, and the committee arranging the affair assures everyone a good time, Secretary R. L. Crane jr., said.

Al Pulley and Dr. W. J. Lantheaume are members of the committee.

1943 Red Cross War Fund Drive Gets Under Way

Four Chairmen Head Campaign In This Area

Colors of the American Red Cross, first and foremost in charity toward America and her armed forces, now fly on Daly City streets as a symbol of the national Red Cross War Fund campaign for 1943, which was launched this week by four chairmen in the Daly City-Colma area.

With the Red Cross meeting international needs in today's global warfare, with Red Cross army posts on all the world battlefronts, and with the maintenance of their aid at home, the Red Cross needs the financial help of every citizen in Daly City and Colma more than ever before. It will be a patriotic duty for every local civilian to help the Red Cross in this drive, which will continue throughout the month of March.

Named by the San Mateo County chapter, the following are the chairmen here: John Degliantoni and Mrs. Marcie Trier, Daly City; and Mayor A. J. Gaggero and Mrs. Margaret Pauline Brown, Colma.

Determined to surpass their record of 1942, when nearly $3,000 was donated by this community, the four chairmen will cover the community with volunteer workers under four classifications. Degliantoni is in charge of the Daly City business district, and Mrs. Trier is head of the wo-

March Contingent Gets Physical Exam

Over one hundred registrants of Daly City Draft Board No. 103 were given medical examinations by army physicians, yesterday, at the San Francisco induction center for duty with the armed forces, Dr. J. C. McGovern, local chairman, said today.

Representing the Daly City board's contingent in the March call, the selectees who passed yesterday's physical examination will leave for Monterey, next week, with the exception of any who might be accepted by other branches of the service. Those who are taken by the Marine Corps, Navy, or Coast Guard will await call.

The contingent includes a large number of Daly City youths who

How About Helping Some Service Men?

Two very practical ways for local residents to befriend Uncle Sam's service men are open for immediate action.

The Victory Book Campaign for 1943 ends tomorrow, March 5. This means that there is still time for you to take one or more good books—books you'd like to read yourself—to the Daly City public library, .6351 Mission street.

Second very local need is that of the soldiers stationed near Daly City, who are fitting up a recreation hall for themselves. They still need furnishings, books, games, and yes, even lumber to complete the building. If you have donations to make to this group notify the Daly City Record, RAndolph 3215, and we'll let Lieutenant G. R. Atkinson know you're ready to do your share.

Local Police Arrest San Francisco Driver

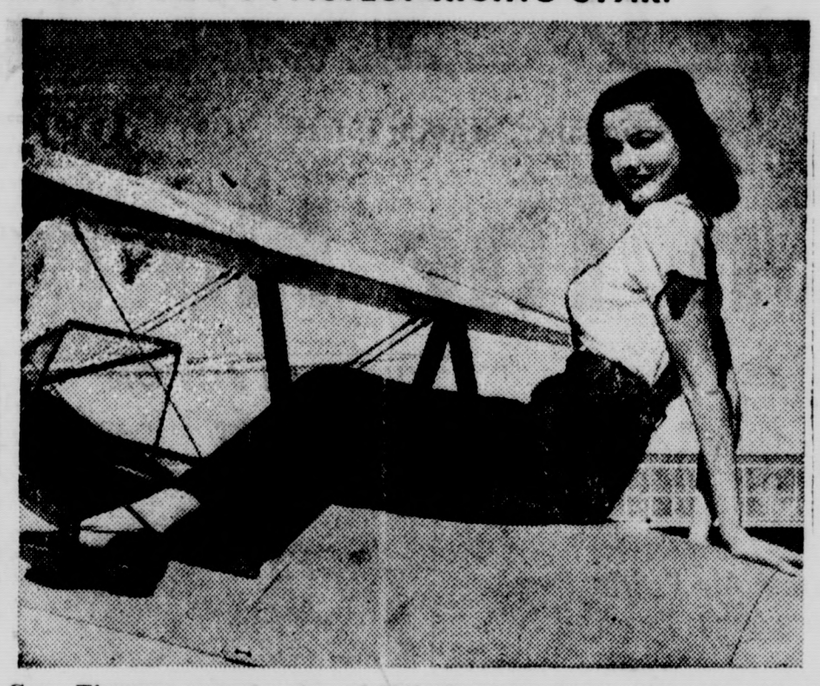
HOLLYWOOD'S FASTEST RISING STAR!



Gene Tierney, comely star of 20th Century-Fox's "Thunder Birds," Soldiers of the Air, serves as a personal incentive to some of the romantic minded eagles in the Technicolor flying film which is currently playing at the Daly City theatre. Notable among her male entourage are Preston Foster and John Sutton. An inspiring commentary by John Gunther, world famous correspondent, introduces the film.

HIGH SCHOOL PTA

A short executive board meeting will be held, this afternoon, by Jefferson Union High School P. T. A., at 1:30 p. m. in the school cafeteria.

Immediately following the board meeting, at 2 p. m. a whist party will be held. The public has been cordially invited to attend. Many attractive prizes have been procured.

Expect Lorin Macaire Home On Furlough Visit

A homecoming dinner is planned in his honor, Sunday. Also being feted at the dinner will be his 25-year-old brother, Raymond, who is having a birthday.

Many local young people are acquainted with Corporal Macaire. He has lived in the community for six years. Before his induction into the army he was employed by the Sheedy Drayage company.

He is now stationed at Camp Edwards, Washburn island, Massachusetts.

men's division, which will make house-to-house canvasses here. In the Colma area, Mayor Gaggero will have charge of contributions of the farming area. Mrs. Brown, who is general chairman of the Colma Red Cross unit, will head the women's division in the campaign. All contributions in the residential area will be handled by a committee of twelve who are working under Mrs. Brown.

Mrs. Trier, local women's chairman, plans to contact all service organizations to assist both with financial aid and to supply volunteer workers. She is now organizing a group who will make the house to house canvass.

Cited as one of the most vital reasons for aid to the Red Cross, according to Chairman Degliantoni, was the fact that the organization does not receive any financial support from the government, and its chapters are financed solely by contributions from the people of the country.

"Daly City and Colma must support this campaign 100 per cent," he said. "The Red Cross is going into this war deeper all the time, and all their work is helping us in this community directly or indirectly."

One point was made clear about the drive here. Definite action will be taken to prevent duplication of calls on each contributor, but the cheerful support of every citizen is solicited for this national wartime cause.

Fast Action Film Opens At Daly City

Blasting the screen with a blazing roar of action and romance, 20th Century - Fox's "Thunder Birds," Soldiers of the Air, a stirring action romance in living Technicolor, opens tonight at the Daly City theatre, discharging a bomb-rack's worth of excitement and thrills.

"Thunder Birds" is a timely motion picture reconnaissance over a famous training ground, where sprouting wings almost daily are hundreds of Democracy's avenging eagles from the far corners of the earth, daring lads with flying in their blood and romance in their hearts.

That's where Gene Tierney comes in. Altogether beguiling, the young star adorns her most enthralling roll to date, as the object of a life-like romantic duel between a flying instructor (Preston Foster) and one of his cadets (John Sutton). But flying is their business, as they are aware, and the two invest their roles with that two-fisted quality that distinguishes genuine action performances.

Being, as it is, a red-blooded story of youth and romance today, the film is all the more exciting for much of the film was made at Arizona's famed Thunderbird and Falcon fields. As cleverly knit into the story by Director William A. Wellman, these scenes provide considerable suspense and make "Thunder Bird" an unusually exciting film-going experience.

The broad scope of the film naturally required an unusually large and impressive cast. The veteran adventure favorite Jack Holt is on hand, as are, too, Dame May Whitty, George Barbier, Richard Haydn, Reginald Denny and many others.

Asks Donation Of 1942 Cover Strips For Scrap

Motor vehicle owners of Daly City were urged, today, by the Department of Motor Vehicles to donate their 1942 "cover strip" license plates to the national scrap pile as soon as they have received their 1943 "V" tabs.

In fastening the tabs to the 1941 plate now on the car, Director Gordon H. Garland said the cover strip should be removed inasmuch as the display of the strip is not required as evidence of registration. He said the nearly 3,000,000 sets of cover strips in the state would make a substantial contribution to the scrap needed for war purposes.

Don't Be Alarmed About License Tabs

Do not be alarmed if your 1943 vehicle license tabs and registration cards do not arrive promptly.

This admonition was given to motorists of Daly City this week by the Department of Motor Vehicles coupled with a special request that the motorists refrain from writing leters about their tabs and cards.

Director Gordon H. Garland estimated that close to a million applications were received in Sacramento alone by mail during the last ten days of the renewal season which ended February 4. Much of this mail, he said, has not yet even been opened and cannot be sorted and sent to the right bureaus for processing for several weeks. Moreover the manufacturer of the tabs probably will not have delivered all of them until close to the end of March.

For these reasons Garland said it probably will not be possible to complete delivery of tabs and registration cards to the motorists until well into May with the limited staff the department has to process the applications.

BETHEL 26 MOTHERS

General Pershing Board Members Meet

Preceding the regular monthly business meeting of General Pershing P. T. A., Tuesday, executive members met for a short session. Regular board meeting, which was to have been held, last week, was postponed by the president, so that the women could help with the rationing.

Ladies who assisted with the issuing of Book Two were: Mrs. Ann Eason, Mrs. Sadie Welsh, Mrs. Carl Leach, Mrs. Louise Eliasen and Mrs. Mazie Boyle.

Mrs. Mildred Rasor, president, and her delegate, Mrs. Helen Harvey, attended the district meeting, February 18.

Mrs. Pansy Montano, chairman of the February popcorn sale, announced the sale was a success.

A report was given on the joint night meeting, Tuesday, February 16.

They announced an impressive candle lighting ceremony was held in honor of Founders Day.

James Ferguson, principal of the local high school, presented an interesting talk. Other honored guest present was Mrs. Stella Jensen, president of Seventeenth district. Refreshments were served at the close of the meeting.

Charles Suenderman and Mrs. John A. Ledterman.

Retailers and wholesalers of Daly City, South San Francisco, Sharp Park, and Colma discussed their rationing problems at a meeting, Friday, at the board office. A. R. Draper, national associate food representative, presided over the meeting and answered questions for the merchants.

They are placed under three groups when they sign up for rationing of foods under the point value system. Group 1 includes boarding houses, while Groups 2 and 3 include the commercial and industrial consumers such as restaurants, bakeries, and creameries. Group 1 consumers buy foods by pooling the individual rationing books of all their trade. However, this system can only be used by boarding houses and similar private institutions.

Group 2 and 3 consumers are required to open "banking accounts" for rationing stamps. Both the Daly City and Colma branches of the Bank of America will serve the retail and wholesale consumers in "banking" their rationing stamps. Noteworthy is the fact that the government is footing the bill for setting up the "ration banks" in every bank in the country.

raid wardens at their semi-monthly meeting, recently, clarified a point which led to some confusion in an air raid drill two weeks ago in the Colma area. During the drill, flares were dropped in designated places to denote locations of an "incident" or "bombing." After the drill was over, it was reported in the control center that four of the flares had not been recognized and phoned in. Melicker explained that the flares were placed in vacant lots which were not patrolled by wardens.

In a later interview, the chief warden was asked what would be done if incendiary fires did rage in the un-patrolled lots. He explained this by pointing out that the first interests of the wardens was the residential and business districts during a raid, and that incidents in un-inhabited sectors would have to wait until residents and their homes had been cared for.

"There will be wardens in every sector where there are homes, you can be assured of that," Melicker said.

To Abandon Deputy Rationing Board Here

Abandonment of the Daly City deputy board was announced, today, by the local War Price and Rationing board at their South San Francisco headquarters.

Local meeting hours at the Jefferson Annex school have been discontinued. Board members met on Saturday mornings, for the purpose of giving out information and registration forms to local consumers. However, the deputy board, which consisted of three Daly City-Colma members of the rationing board, was not authorized to pass judgment alone.

Claude Cattori, vice-chairman of the entire board, reported last week little response to the deputy board work, and it was later decided that it was unnecessary.

have just reached their eighteenth birthday in the past six months, and the draft board will call many more eighteen-year-olds to fill their quotas in the months ahead, Dr. McGovern said.

"We are sending out questionnaires to them as soon after they register as possible," he explained. "After we have their questionnaires, they are classified, and, in its natural course, induction follows for boys with 1-A classifications."

Since the close of registration for youths who became eighteen in 1942, all boys are required to register on their eighteenth birthdays. No future blanket registrations for new eighteen-year-olds are necessary, but the boys are warned not to neglect to register as soon after their birthday as possible.

"It usually takes from four to six weeks from the time they register until they are classified," Dr. McGovern said. "A new registrant who is likely to be 1-A can usually figure on two months or so after his birthday before he is sent his induction notice."

On the subject of induction for fathers, Dr. McGovern hastened to affirm that no fathers were being inducted yet by the Daly City board so long as their children were born before the September 15, 1942, deadline.

Current membership of Daly City Draft Board No. 103 is as follows: Dr. McGovern, chairman; Fred A. Collins, Daly City; Charles Drew, South San Francisco; and J. J. Jennings, South San Francisco.

Christen Cruchoff, Pioneer Resident, Dies

Funeral services for Christen C. Cruchoff, pioneer Daly City resident, were conducted, yesterday, March 3, at 2 p. m., from the W. C. Lasswell and company chapel. Inurnment at Cypress Lawn cemetery, Colma, followed.

Cruchoff, who resided at 320 North Park avenue, had been ill for some time. He succumbed at St. Mary's hospital, Monday, March 1.

Surviving are four daughters, all local residents: Mrs. Lillian Cavagnaro, Mrs. Martha Linden, Mrs. Mildred Devlin, and Mrs. Ruth Nicolini. He was the husband of the late Sophia Cruchoff and the father of the late Walter Cruchoff.

He was a member of the Danish Brotherhood, Golden Gate Lodge No. 49, and Molders Union, Local No. 164.

NATURAL GAS RATE CUT
Effective Feb. 15, 1943
SAVES CUSTOMERS
$1,450,000 per year

7 MAJOR RATE CUTS SINCE 1930

After months of study of changing population densities and increased per capita usage of Natural Gas, the California State Railroad Commission ordered a general downward revision of gas rates, effective on February 15th. This reduction brings a saving to our customers that will amount to $1,450,000 per year. It is a saving that accumulates with each gallon of water that is heated, each meal that is cooked and each hour your home is heated by Natural Gas.

We urge our customers to hold on to this saving in the daily cost of living. Be economical in the use of Natural Gas. Be thrifty with your Gas Range. Guard against overheating your home. Stop wasteful use of hot water.

Remember Natural Gas is doing a big and vital job in war industries. Army camps and warworker dwellings need it, too, in increasing quantity. Keep your use of Natural Gas down to essential need, save gas and money.

Annual Rate Cut Savings to Customers
1929-30 . . $8,139,800
1936 . . . . $2,606,000

GIVE TWICE AS MUCH THIS YEAR!

(Editorial)

Daly City's Red Cross War Fund drive started, Monday. Its success depends upon the generosity of every local resident. The need is so much greater this year than ever before that all of us should plan to give at least twice our usual contribution, more if we can possibly manage it.

As the poster above indicates, the Red Cross is mothering the hurt and hunted of all the world. Aid for our fighting men and their dependents, care for our underprivileged children at home, food for the refugees of war-wracked Europe, indispensable welfare programs in our own community such as public health nursing, first aid, disaster preparedness—all are the burden, gladly accepted, of the Red Cross.

Especially this year each of us will want to have a part in financing this great humanitarian cause. Think of the American soldiers in the steaming jungles of New Guinea, think of the terror-stricken eyes of that ragged refugee child, think of the blood donor program, bringing life to men on battlefields thousands of miles from home—and give accordingly!

HERE'S THE WINNING ESSAY

By Conchita Morales

During the years of peace before the second world war, the great republic which is our motherland has been lavish in her generosity to us. She has not only given us the rights of free people but has given comforts, luxuries, and conveniences to the common men that only those of wealth enjoyed throughout the rest of the world. Now that our homeland has been attacked by monstrous enemies who aim to enslave all free people, should we not do as we have been done by? Let us unite in sacrificing for the country which has given us the best of everything. Remember, united we stand, divided we fall.

The Axis Powers, especially Japan, are counting on the fact that we are soft and self-indulgent. They believe that we are too spoiled to make enough sacrifices to insure victory. Let us show these enslavers of freedom-loving men that the pioneer strain has not died out in our blood. Surely the descendants of the frontiersmen, such as Daniel Boone and Kit Carson, can endure a little hardship without whining. Pioneer women did not have canned goods and modern conveniences; but they found time to weave cloth, make soap, and help their husbands fight Indians on the side. Due to their strength of character we have a great country today. Let us prove to the world that we still have some of that intestinal fortitude that pioneers are made of. Let us be thrifty, let us not waste anything, let us buy war bonds to the limit of our ability, and let us take the restrictions of rationing cheerfully. Let us be united, for in union there is strength.

Some people talk patriotism but are too lazy to clean and flatten tin cans as our government has requested. If Hitler or Tojo were running this country, I have no doubt that such offenders would be taken before a firing squad. Perhaps the American Eagle will have to show his claws to make some Americans realize they have duties as well as rights. They'd better not forget that if the Axis wins they will have no rights.

Those Americans who really wish to help unite for victory will not listen to or spread rumors. They will not increase race prejudice by telling malicious stories. They will remember at all times that we are UNITED NATIONS. Inspired by Herr Goebbels, propaganda destined to make us distrust our allies must fall on deaf ears. Americans must always be thankful to England for holding off the enemy when so few had to fight off so many planes. China's long and valiant struggle against a cruel aggressor must always be kept in mind. Americans must forget differences of opinion about Rusisa's form of government and give praise to a courageous people who took everything the enemy had to give and then fought back. They will realize that many Americans are alive today because of Russia's brave fight.

This is no time for political bickering. We must all get together and support our president. He is a man of vision. Even the

Desperate Need For Block Mother Volunteers Grows

Volunteers to serve Daly City in an emergency as block mothers are not turning out in sufficient numbers to make a success of the plan, according to Mrs. Adele Hanelt, organizer of the service.

Only one new name was added to the roster of block mothers, this week, that of Mrs. Mabel Allene Olson, 370 Irvington street.

To clear up any possible confusion about the duties of a block mother, Mrs. Hanelt reiterated that the volunteer serves only in the event of disaster. She simply offers her home as a place of refuge to children in her neighborhood who do not have time to reach their homes during a raid, or whose parents are not at home when the dreaded raid signal is given.

With Civilian Defense leaders concerned about the possibility of imminent air raids in this area, the block mother program is more vital than ever.

Mrs. Hanelt asked that any woman who could serve as a block mother, contact her at DElaware 7984 or Mrs. S. G. Bryant, 559 San Diego avenue, DElaware 9907, who has also been instrumental in launching the block mother plan in this community.

CARD OF THANKS

We wish to express our appreciation to our many friends who so kindly sent floral offerings and assisted us in our recent bereavement.

THIS, TOO, IS A *Task Force*

—and the task is War. Under the busy fingers of the long distance operators flow messages that move troops, locate and assemble supplies...that help to build ships, guns, tanks and planes.

To handle the gigantic volume of long distance calls, we could use more equipment if we could get it. But that would draw upon critical war materials that are needed at the fighting fronts.

So we earnestly ask you to co-operate by making, to war-busy centers, only long distance calls that are absolutely necessary.

Thank you for your help and your understanding.

AT WINTERLAND

Winterland skaters brought home the bacon (no mean accomplishment these days) in the form of two titles and various "places" in one of the largest fields ever gathered to compete in the Pacific Coast competitions, last week.

Margaret Field is the new 1943 Junior Women's champion, while Marcella May and James Lochead jr., won the Senior Dance title for the 1943 events.

Lochead was also runner-up in the Senior Men's class, being defeated by a close margin by Marcus Nelson of Oakland.

Other Winterland skaters under sponsorship of the Skate and Ski club and San Francisco Figure Skating club, were prominent among the contenders.

Homemakers' Guide

Point Ration Shopping Hints

Our Government, newspapers, radio stations and your Safeway Store are all doing everything they can to make sure you know how to shop under point rationing . . . the plan designed to make sure that everybody gets his fair share of the food available. You can do your part to make the new ration plan work smoothly by keeping in mind the simple rules listed below before you shop for the first time under point rationing.

KNOW that:

(1) Point values have nothing to do with dollars-and-cents prices. You have to give the money price and the point stamp price for every purchase in a rationed group.

(2) You have freedom of choice in using your points to buy any rationed item, provided it is available.

(3) If you buy foods with a low point value you will be able to buy more of the articles in the same rationed group.

(4) Point values of all rationed foods are set by the Government and not by the storekeeper or by the manufacturer.

(5) You are not permitted to buy point rationed items, at any store, without giving point stamps . . . even on a charge account.

(6) High point stamps should be used when buying a number of rationed items at one time. Conserve your low point stamps as storekeepers cannot give you ration stamps in change.

(7) Loose stamps are not valid. Stamps must be torn out of your ration book at the time of purchase and in the presence of your grocer.

Now When You Go Shopping . . .

REMEMBER to:

(1) Allow plenty of time for your shopping under point rationing . . . it takes longer. Best time to shop is early in the week and early in the day.

(2) Be sure and take your War Ration Book No. 2 with you. No stamps . . . no rationed items.

(3) Take your point value chart along with you, too, for convenience. While our store will have price and point values clearly marked on the shelves and on the merchandise, your list will serve as a double check and save lots of extra steps and confusion.

AND

You'll enjoy shopping at your Safeway Store because you can take all the time you want without embarrassment or a sense of feeling hurried. Since you are waiting on yourself, no one cares how many times you change your mind or exchange one can for another before you reach the check-out stand.

BUT

If you do want help . . . if some point is not clear . . . we have a specially trained clerk in each store, wearing a badge that reads "Information", to help you. It's his job to answer your questions cheerfully and in detail. So, don't hesitate to ask him your questions.

Point ration shopping will take you longer

. . . because you will have to plan and figure your purchases in points as well as in money. You will save time for yourself . . . and incidentally it will help us . . . if you shop early in the day and early in the week.

Safeway prices are good Tues. through Sat.

All advertised items subject to having stock on hand and price changes made necessary through new regulations from the Office of Price Administration.

French Composer To Present Concert

Robert Casadesus, distinguished French composer and conductor, will give the first concert of his own here, Sunday afternoon, March 7, when he appears at the Curran theatre under the management of the San Francisco Opera association. His prior visit was as the guest artist of the San Francisco symphony.

Since his American debut in 1935, Casadesus has won countrywide acclaim for his extraordinary piano playing in solo recitals, with leading orchestras and for his recordings. However, the piano was not his first love. He began his musical career at the age of three when he started the violin.

For the past year, he and his family have lived in Princeton. Mrs. Casadesus is also a concert pianist although today she gives all of her time to her home and her two sons, Jean and Guy, both of whom are now making the most of their musical heritage.

His program for the coming concert will include selections from Mozart, Beethoven, Chopin, and Debussy.

Tickets for the concert are now on sale at the Opera box office, Sherman, Clay and company, EXbrook 8585.

SPANISH COURSE

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten per cent every pay day.

A *Souffle'* THAT HUFFS AND PUFFS 'WAY UP

by Dorothy Greig

WHEN you have this soufflé mixed and safely into the oven, just lay down the law to your family. "All hands washed right on the dot," you tell them. "No stragglers or dilly-dalliers permitted for this meal." For when a soufflé comes out of the oven proudly high and lig it waits for no one. It must b

eaten right then. A few minutes delay and down it sags.

But it's worth being prompt for a soufflé like this one. It has a tangy cheese flavor to which has been added the zest of tomato. And it comes out of the oven puffed high under a crusty brown top. Serve with it a fresh green salad. Follow it with fruit. A lovely meal!

Tomato Cheese Soufflé

2 tablespoons butter
3 tablespoons flour
¾ cup milk
½ cup condensed tomato soup
1½ cups grated cheese
¼ teaspoon dry mustard
4 eggs, separated

Melt the butter, add flour and cook until frothy. Then add the hot milk and cook until thoroughly thickened. Stir in the condensed tomato soup and the grated cheese and heat until the cheese is melted. Remove from fire and add the mustard and egg yolks—adding one egg yolk at a time and beating thoroughly after the addition of each egg yolk. Beat the egg whites until stiff, but not dry, and fold them into the mixture. Pour into a well greased casserole and bake in a moderate (350°) oven for 50 to 60 minutes or until firm in the center. Serves 5 to 6. (Put in pan of hot water while baking.)

Stanford To Train Women For War Jobs In Accounting

Hugh Jackson, dean of Stanford's Graduate School of Business, the course will provide intensive, practical training in accounting for manufacturing industries, including cost accounting, records required for costs, methods of distributing factory burden, job order and process cost accounting.

High school graduation or the equivalent and a course in elementary bookkeeping or similar business experience are prerequisites for enrollment in the free course. Information may be obtained from the War Training Office at Stanford or at Cogswell Polytechnical college in San Francisco.

Winning Essay

(Continued from Page 6)

most bitter critics of Roosevelt's domestic policy agree that his foreign policy has been far-sighted. A well-known Republican has said, "We must support our president; for if our commander-in-chief fails, we fail." Let us unite in thanking God for an inspired leader in our time of great trouble.

Finally, every American must make this war his own special responsibility and business. He must be faithful in little things such as saving kitchen fats and in big things such as buying war bonds regularly. He must be a realist and realize that this war may last a long time and that sacrifices will have to be made over a long period. He will not be so naive as to believe that Germany will fall easily or that Japan is a push-over. On the contrary, he will face the truth that we have a strong, brave, and fierce enemy who will fight until death. Then he will consider that we have the resources, the ability, and the mechanized industry needed for victory. Therefore all that is necessary is unity of purpose. If we are united we shall win, but we must always remember that "Eternal Vigilance is the Price of Liberty."

ity of workmanship displayed in all the essays submitted. Topic was "United We Win."

Miss Morales received a bronze medal and $3 in War stamps from the auxiliary for first prize. In addition, she will be given a one-year subscription to the Daly City Record, co-sponsor of the contest.

Second and third prizes went to Gwendolyn Stegeman, second place, a bronze medal and $2 in War stamps; Elsie Belli, third place, a bronze medal and $1 in War stamps. The presentations were made by Mrs. Lehigh.

The local winners will have their essays entered in the state division of the contest, from where their compositions will have an opportunity to be forwarded to national headquarters and compete for the first prize of $1,000 cash and a gold medal, and numerous other valuable awards.

The contest chairman, Mrs. Lehigh, expressed her appreciation to the judges and to the students and teachers of Jefferson Union high school for their splendid cooperation.

Miss Morales' winning essay is published on Page 6.

"Junior Miss," Comedy Success, Moves To Geary

"Junior Miss," the latest Max Gordon comedy success, which has just been moved from the stage of the Curran theatre, San Francisco, to the Geary and will be presented there until Saturday, March 20, is a play for "all the family." In every audience attending this laugh hit in New York, Chicago, San Francisco and elsewhere, have been many family groups—mother, dad and youngsters of both sexes about the age of Judy, the smart junior miss of the title role, and of her girl and boy friends.

Performances of "Junior Miss" are given at the Geary every night, including Sunday, with matinees on Saturdays and Sundays. The Sunday matinees are at bargain prices.

Although the central characters in "Junior Miss" are of "teenage," the comedy is far from being a children's or adolescent's play. The older folk are just as important, and the impact of the story arises from the problems confronting the adults, especially Judy's father and mother, from her unpredictable actions.

Lenore Thomas, the 16-year-old, blue-eyed piece of Dresden who plays Judy, is a newcomer to the stage who will bear watching. Producer Max Gordon, and Moss Hart who staged the play, say that she has more natural ability than any young actress to come under their notice in years. She is well seconded by Eileen Clarence as Judy's elder sister, and Peggy Romano as Judy's hoyden pal, "Fuffy." The elder members of the cast—Lois Wilson and Eddie Nugent as the mother and father, Harry Ellerbe as the "mysterious" Uncle Willis, Adrienne Marden as his fiance, Loring Smith as her blustering father and Renie Riano as an acid-tongued maid—are seasoned and talented artists, who give the necessary balance and ballast to the performance.

IF YOU'RE HAVING TROUBLE counting food points and planning your purchases under the food rationing program, come in and we'll be glad to advise you. Let us show you how to get the most possible for your family's supply of stamps under these new rulings.

WE'LL EXPLAIN, too, the comparative food point value of frozen and canned fruits and vegetables. Did you know, for example, that the purchase of a can of peas "costs" 13 points, while a package of frozen peas is valued at only 10 points?
